

SEI METAL RESTORER™ AR-102

PRODUCT DESCRIPTION

The AR-102 is a specially formulated product for restoring metal surfaces. A concentrated product, it quickly removes oxidation, hard water stains, rust, mineral deposits, grease and other contaminants from copper, brass, bronze, stainless, aluminum and glass surfaces.

The addition of the CPT® corrosion inhibitor to the Metal Restorer prevents rust and oxidation from re-forming. The inhibitor possesses unique chemical and physical properties, building both mechanical and electromechanical barriers against corrosive agents such as cleaning solutions and pollutants.

The corrosion resistant molecular film produced by the CPT inhibitor cannot be wiped off. It is not apparent to the touch and does not affect the appearance of any surface. AR-102 does not contain any bleach, abrasives, caustic, hydrofluoric or muriatic acid or petroleum distillates. Metal Restorer is non-flammable and non-fuming.

TECHNICAL DATA

- Orange liquid appearance
- No odor
- pH: 9.25-9.75
- lbs/gallon: 8.5-8.8
- Environmentally friendly
- User-safe
- Biodegradable
- VOC and AQMD compliant

APPLICATION

Apply the AR-102 onto surface and let stand for 2 to 7 minutes, depending on how much corrosion is on the surface. Agitate if need be, rinse thoroughly and allow to dry. Always apply test area before proceeding with entire application.

DISCLAIMER:

The information provided is to be used as a guide and users should perform their own tests to ensure performance in their application. All data, statements, and recommendations made herein are based upon information we believe to be reliable, but are made without any representation, guarantee or warranty of accuracy. All statements, technical information and recommendations contained herein are based on tests SEI Chemical believes to be reliable, but the accuracy or completeness thereof is not guaranteed. SEI Chemical warrants SEI products will be free from defects when shipped to customer. SEI Chemical's obligation under this warranty shall be limited to replacement of product that proves to be defective. To obtain replacement product under this warranty, the customer must notify SEI Chemical of the claimed defect within six months after shipment of product to customer. All freight charges for replacement products shall be paid by customer. SEI Chemical shall have no liability for any injury, loss or damage arising out of the use of or the inability to use the products. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection therewith. No representation or recommendation not contained herein shall have any force or effect unless in a written document signed by an officer of SEI Chemical. The foregoing warranty is exclusive and in lieu of all other warranties, express, implied or statutory, including without limitation any implied warranty of merchantability or of fitness for a particular purpose in no case shall SEI Chemical be liable for incidental or consequential damages. Limited warranty, for industrial use only. Keep out of reach of children. Keep containers tightly closed, not for internal consumption, consult material. Consult Material Safety Data Sheet for more information.
